

## Malö Yachts named Boat of the Year in the US

Malö 37 Classic has been awarded Import Boat of the Year 2009 by the American magazine Cruising World. This is the second time in three years that a yacht from the Malö shipbuilding in Kungsviken, Sweden, has received this distinction.

An independent panel of experts each year judges sailing boats newly introduced in the US. This year, 21 boats were subjected to extensive inspections and trials at sea. The performance on the water and its luxurious details throughout made Malö 37 Classic the hands-on jury favourite for Import Boat of the Year. In the January issue of Cruising World, the new winner is referred to as "a dream to steer and a delight to the eyes".

### Jury's choice

"The Malö is a semicustom sailboat that's built to exacting standards and is ready to sail any ocean. The boat is elegant below and purposeful on deck. Under sail, performance was top-notch."

In 2007, Cruising World awarded another sailing boat from Malö Yachts, when the Malö 40 was also named Import Boat of the Year.
