Pelican

S/Y Stainless Pelican is more than a beautiful yacht – she is also a second home! On board you'll find all the comfort, and sometimes luxury, you need to really enjoy a life at sea. No matter how ruff the conditions are, the Pelican ensures you easy and effortless sailing together with spacious and comfortable living.

Despite her weight (45 tonnes) and sturdy construction (hull in stainless steel) the Pelican is an excellent sailer. With main sail and two forsails set she carries a good 250 m² sail area – enough to make her competitive with any other yacht of her size. And the sailing is easy! With the aid of several hydraulic and electric systems you can handle her single-handed. When it comes to navigation and communication the yacht is fully equiped with all modern and sophisticated instruments.

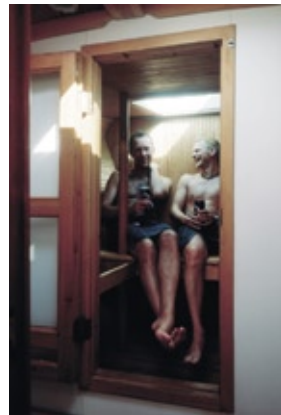

Well inside the yacht you find a modern, tastfull home with 4 large bedrooms (we hesitate to call them cabins), a spacious deck house and a fully equiped kitchen. Three separate showers and a sauna completes the impression of an extraordinary interior.

Altogether the Stainless Pelican offers a unique experience as she carries you on wings of steel!

LIVING IS COMFORTABLE ON BORD THE STAINLESS PELICAN. THREE LARGE GUEST CABINS (1:ST PICTURE TO THE RIGHT) AND THE OWNERS CABIN (4:TH PICTURE) ENSURE THAT UP TO EIGHT PEOPLE CAN STAY ON BOARD WITHOUT CROWDING. FROM THE NAVIGATION POSITION (2:ND PICTURE) BELOW DECK YOU HAVE A PANORAMA VIEW OVER THE SEA AND ALL INSTRUMENTS AT HAND. NO MATTER WEATHER OR WIND, THERE´S ALWAYS MEANS TO GET WARM – THE SAUNA (3:RD PICTURE) IS SITUATED IN THE BOW AND HOUSES UP TO FOUR PEOPLE.

THE STAINLESS PELICAN OFFERS GREAT SALING AND OUTDOOR EXPERIENCES, BUT IS ALSO IDEAL FOR SOCIAL AND CULINARY ACITIVIES. THE SPACIOUS GALLEY (BELOW) IS EQUIPED WITH STOVE AND OWEN (GAS AND ELECTRIC), DISHWASHER, WASHING MACHINE, MICRO-WAVE OWEN, FREEZER AND 2 FRIDGES ETC. IN THE DECK-HOUSE (RIGHT) YOU CAN GATHER UP TO 12 PEOPLE FOR DINNER OR SOCIAL EVENTS.
